#### **A Message from our President, Michael Ashby...**

Dear VAPT Colleague:

Hopefully, we are at the end of the snow season and for those who have the responsibility of getting up early in the morning and driving over all those lonely roads, we will be able to look back at this season and say, hopefully, never again. For those of us in Transportation, our day starts early and ends late. Many times we find ourselves going from one problem to another. We have buses that break down, bus drivers who call in sick, parents who are upset with whatever or children that take the wrong bus home and it is up to Transportation to find them. Now, we must do more with even less dollars for the next school year, which means less school buses and probably fewer Transportation employees.

This past weekend, I heard that some sectors of the economy are starting to pickup. Whenever there is a downturn in the economy, the private sector is affected first followed by the public sector and the opposite is true once the upturn begins. I don't believe that we will ever go back to the days of having pretty much what we want. For now, we will do what needs to be done and that is transporting our students to the best of our ability. As I left for work this morning, the sky was blue and with not a cloud to be found, I turned on the radio and heard the forecast calling for possible heavy snow showers tomorrow night. Will it never end? Have a great day.

Michael Ashby

You will find a lot of informative material regarding pupil transportation.

## WHY?

1. Why, is the third hand on the watch called the second hand?
2. If a word is misspelled in the dictionary, how would we ever know?
3. If Webster wrote the first dictionary, where did he find the words?
4. Why do we say something is out of whack? What is a whack?
5. Why does "slow down" and "slow up" mean the same thing?
6. Why do "tug" boats push their barges?

Please send Bill Carr, [feb945@yahoo.com](mailto:feb945@yahoo.com), input for future newsletters; i.e. promotion, wedding, birth, death, retirements, and special events announcements, photographs, school bus safety articles, and anything else you believe may be of interest to the members. If you would like to include your name it will be mentioned as submitting the information otherwise, no name will be given.

## **Husband Down!**

A husband and wife are shopping in their local Wal-Mart. The husband picks up a case of Budweiser and puts it in their cart.

'What do you think you're doing?' asks the wife.

'They're on sale, only \$10 for 24 cans,' he replies.

'Put them back, we can't afford them,' demands the wife, and so they carry on shopping.

A few aisles further on along the woman picks up a \$20 jar of face cream and puts it in the basket.

'What do you think you're doing?' asks the husband.

'It's my face cream. It makes me look beautiful,' replies the wife.

Her husband retorts: 'So does 24 cans of Budweiser and it's half the price.'

On the PA system: 'Cleanup on aisle 25, we have a husband down.'

## **VIRGINIA BEACH'S NEWEST SCHOOL BUS (GREAT IN SNOW)**

## *And then it is Winter*

You know, time has a way of moving quickly and catching you unaware of the passing years.

It seems just yesterday that I was young, just married and embarking on my new life with my mate. And yet in a way, it seems like eons ago, and I wonder where all the years went.

**I know that I lived them all..**

And I have glimpses of how it was back then and of all my hopes and dreams... But, here it is -.the winter of my life and it catches me by surprise... How did I get here so fast? Where did the years go and where did my youth go?

I remember well...seeing older people through the years and thinking that those older people were years away from me and that winter was so far off that I could not fathom it or imagine fully what it would be like... But, here it is...my friends are retired and getting gray...they move slower and I see an older person now. Lots are in better shape than I... but, I see the great change... Not like the ones that I remember who were young and vibrant... but, like me, their age is beginning to show and we are now those older folks that we used to see and never thought we'd be.

Each day now, I find that just getting a shower is a real target for the day! And taking a nap is not a treat anymore...it's mandatory! Because if I don't on my own free will, I just fall asleep where I sit!

And so, now I enter into this new season of my life unprepared for all the aches and pains and the loss of strength and ability to go and do things that I wish I had done but never did!!

But, at least I know, that though the winter has come, and I'm not sure how long it will last...this I know, that when it's over...it's over....Yes, I have regrets. There are things I wish I hadn't done, the things I should have done, but indeed, there are many things I'm happy to have done. It's all in a lifetime....

So, if you're not in your winter yet...let me remind you, that it will be here faster than you think. So, whatever you would like to accomplish in your life please do it quickly! Don't put things off too long!!

Life goes by quickly. So, do what you can today, as you can never be sure whether this is your winter or not!

You have no promise that you will see all the seasons of your life...so, live for good today and say all the things that you want your loved ones to remember... and hope that they appreciate and love you for all the things that you have done for them in all the years past!! 'Life is a gift to you. The way you live your life is your gift to those who come after.

Make it a fantastic one.' **LIVE IT WELL!!----ENJOY TODAY!!!!-----**

**DO SOMETHING FUN!!!---- BE HAPPY!!!----BE THANKFUL!!!!!!**

# **\$2,500 SCHOLARSHIP MONEY AVAILABLE**

While Virginia public school seniors planning ways to finance tuition, books or fees for their upcoming post-secondary education this fall are discovering that “money doesn’t grow on trees”; children of parents or grandparents employed in the public school pupil transportation field (past or present) are discovering they have a source of scholarship money available **EXCLUSIVELY** to them.

For the 15<sup>th</sup> consecutive year the Clyde W. Morris Memorial Scholarship is again available to a deserving student in the Commonwealth to cover education expenses at a postsecondary educational institution.

Established in 1995, funded by **VAPT** and named in memory of a former Virginia public school Supervisor of Transportation, the Clyde W. Morris Memorial Scholarship is this year providing \$2,500 to one student whose parent or grandparent may be a school bus driver, aide, monitor, mechanic, parts clerk, foreman, manager, trainer, supervisor, inspector, or director.

Eligibility for the Clyde W. Morris Memorial Scholarship requires local school division elimination. Applications must first be submitted to local school divisions where a local finalist shall be selected. The local finalist’s application is then submitted to the VAPT Scholarship Committee no later than Friday, April 30, 2010 for judging. Only one application from each school division will be judged at state level.

“Let’s get the word out about this scholarship” says Linwood Horne, VAPT’s Scholarship Committee Chairperson. “Talk it up around the office and in the field. Write about it in your local newsletter and post it on your office bulletin board. Let’s make getting the word out a real priority”, says Horne.

More information about the Clyde W. Morris Memorial Scholarship, together with an application, may be downloaded from the VAPT website, [www.VAPT.org](http://www.VAPT.org)

Scholarship questions may be directed to Linwood Horne at 804-365-6520.
